## Flood Wall Endorsed By Special Committee

The sub-committee on projects of the Jefferson County Government Commission has prepared a report on its findings on the proposed Jefferson County Flood Wall, which report will be placed before the general committee at the next regular session in June.

Members of the sub-committee, under chairman Leo J. Schuler, obtained maps and surveys from U. S. engineers and debated the question of construction, maintenance, costs and operation.

The flood wall as proposed received the commendation of the committee with additional suggestions. One of the latter was a proposal that the county raise all lands in the flood area above any possible flood stage. This includes the rebuilding of roads which dip in the following the natural level of the land, causing water blocks during high water.

The committee also advises that some method of determining the wishes of owners of property in the area affected, be devised as the next step.

Organizations and individuals in the territory usually flooded, when the Ohio gets out of bonds, has requested to write the committee giving suggestions and recommendations.

The endorsement of the proposed flood wall by the subcommittee was unanimous.

Following the presentation of the report to the County Government Committee, the findings will be given the Fiscal Court.

Following are members of the subcommittee: Leo J. Schuler, chairman; Henry Nuffer, John Grunick, James J. Averitt and Charles McCuller.

## County Forest Project Has Great Possibilities

The proposed Jefferson County Forest area is bounded on the east by the L. & N. Railroad, on the west and north by the Louisville, Henderson and St. Louis Railroad south to the Bullitt County line. In this area there are approximately 8,000 acres of potential forest land.

It is well known for years as the "Knob" section of the County. This section lends itself, due to its topography and its proximity to Louisville, as a potential recreation area. Surveys recently made, disclose that there are several places where dam construction for the impounding of water, which will make lakes for recreation sites. These lakes will provide fishing, swimming and boating, to say nothing of the influence they will have on the surrounding country. Picnic areas and camping sites will be available for all to use.

Trails can be easily constructed to provide both hiking and riding paths, and it is hoped that a stable can be constructed where riding horses can be had for hire.

At this point it may be well to mention that the Jefferson County Forest Commission is only interested in the forest or sub-forest land. Private property will not be included in the forest.

This area, with proper protection and management, will produce over a period of years such forest products as logs, posts and fuel wood. Louisville and Jefferson County have a national center for wood products such as veneers and furniture. Consequently a large market is established for the consumption of these forest products.

The immediate benefit of this area is that of protection against fire. It is plainly evident from recent reconnaissance surveys that this area has been extremely abused. Uncontrolled fires have been allowed to burn over this area year after year. The effect these fires have had on the timber is appalling. There is hardly a tree which has not been damaged to some extent. In some of these areas the forest has been so badly burned that the standing timber that reforestation will have to be done to assure future stands.

This destructive practice has taken a heavy toll on the wild life population. However, with proper protection and well-balanced propagation program this wild life population can be replaced. The Kentucky Big Game Hunters' Club, an organization devoted to a program of "Big Game, Green Forest and Clear Streams," have already made plans to stock this area with young wild animals. The Fish and Game Division of the Kentucky Department of Conservation will be called on from time to time to assist in this program of game and fish stocking.

All of this forest, devoted to recreation, timber production and wild life restoration, can be a great which means that Jefferson County can point to with pride in the years to come. It will be your county forest, yours to protect, yours to use and enjoy.

**Cad Party**  
Mrs. E. C. Duggins is chairman of the next party to be given, which will be held at the home of the club, May 28, from 1 o'clock until 4 in the afternoon at Eagles Hall.

## J'own Nine To Play Clark Station Team

The Jeffersontown Baseball team which is now entered in the County Baseball League will play Clark's Station Sunday afternoon at 1:30 on the Jeffersontown school diamond.

A good fast game is expected as the Clark Station lads were defeated in a previous game by only one score and will be fighting every minute to even the count.

The probable lineup for Jeffersontown will be Earl Miller, catcher; Harold Ford, first base; Harry Hamilton, second base; Earl Duncan, third base; Gus Wiseman, left field; Charles Welch, center field; John Roeder, right field and Earl Rhee, Jean or Carl Straub, pitchers.

In games played, the Jeffersontown team has defeated the Belmont Athletic Club, 14 to 8; Clark Station, 14 to 13, and lost to the Clark Station team, 14 to 8.

Players range in age from 16 to 25. The public is urged to attend these games and give the Jeffersontown team a good shout.

Manager James Floore announces openings on the squad for new players and will give them a tryout Sunday afternoon.

**Middletown Defeats J'own Sunday 11-5**

Middletown continued its winning ways at Jeffersontown Sunday by trouncing the J'owners by the score of 11-5 in the second round of the Senior Baseball Board's program is attracting recognition throughout Kentucky.

Earl Walker, on the mound for Middletown, had his curve ball working to perfection and was never in much trouble although Middletown's attack was into the sixth inning. Earl Duncan at second base and Brown at the third, each with a home run, looked mighty good both at bat and in the field.

In the game at Buechel between Frankling's Babe Ruth sluggers and Martin Metcalf's Camp Taylor nine, the Camp Taylor outfit returned victorious to the tune of 8-4.

The game was hard fought throughout and was featured by the outstanding work at shortstop by Little Jimmy Metcalf who shows promise of becoming a great player with some additional experience.

The outcome of this game places Middletown in a position to tie for first place in the league with two wins each against no losses.

The third game of the afternoon, Frank Schalk's hard-fighting Fairdale lads moved to Okolona, by the score of 6-4. Okolona, by virtue of this victory, moved into a tie with Buechel in the league.

League Standing

Team	Won	Lost	Pct.
Camp Taylor	2	0	1.000
Buechel	1	1	.500
Okolona	1	1	.500
Jeffersontown	0	2	.000

**Seventeen Centers To Open For Play**

By Mrs. M. B. Graham.

Mrs. Charlie Parris had a birthday party Wednesday night. She didn't tell us which one, however. All the children were home with the exception of William, who lives in Texas. Of course this marred the pleasure of the day, but many nice gifts were received, also 14 lovely birthday cards which were greatly appreciated. "Many happy returns of the day."

We are mighty glad to report Mr. O. N. Scott greatly improved after his sudden illness last Sunday morning. We called to see him Monday afternoon and since that time he is very much better. Eddy was in attendance.

### J. F. Settles Joins Brother in Business

James F. Settles, recently released from the Army after three years' service as communications sergeant with an A.A.A. battalion, has joined his brother, W. T. Settles, of Jeffersontown, who operates the Settles Sales and Service firm.

Former radio instructor at the Lafayette Radio School in Lexington and at Camp Stewart, Ga., Settles will supervise radio repair for the Jeffersontown firm.

Before entering the Army, Settles had 18 years' experience in electric appliance service. Married and residing at present in Louisville, he will give part of his attention to the city business that has been built up by this county shop.

Since a boy, Settles has been interested in radio, making it his hobby as well as his life's work. He is a veteran "ham" and operated an amateur station W2LDL.

after the war, for which he still holds the license.

W. T. Settles in making the announcement of his brother's connection with the firm said, "This makes it possible to assure our patrons of expert attention for their radio troubles, and emphasizes our policy of fully guaranteeing our service in all lines of electrical work."

The Settles Sales and Service firm has expanded rapidly under the plan adopted by W. T. Settles. Employing no salesmen, Settles invites his patrons to come and inspect electrical appliances in action at his home. "The thousands of dollars I save by these economical measures is really a saving for my customers," says Settles.

## SMOKE RINGS

By Charlie Vetter

Attention Bert Finger - Please read Smoke Rings, your mother's address in St. Petersburg, Fla. She won't Smoke's pipe of the week award. Address: Smoke Rings, 402 Fiscal Court Building.

In case you don't know it, let "Ringer" tell you that Bert halls from a mighty fine community in Jefferson County.

Ever been to Auburndale - if you haven't then you've missed one of the greatest communities in Kentucky.

Know what makes it great? Such fine folks as Clarence Simms, Johnnie Grash, Bob Puckett, Herman Weyrich, Bill Stuckert and a multitude of other civic-minded men and women.

"Smoke" dropped in to see Edgar and Lucille Goben in the new super-market these youngsters just opened there. Both Ed and Lucille were "all smiles" to see that Smoke had forsaken despatching geometry and come to concentrate on recreation.

Numerous were the times Ed, Louie, for "Skate" Pys and Ed and Farmer sweated through those geometry propositions your rambling reporter used to shoot at them. Remember them - Jack Pollock, Patsy Miller, Juanita Young and Joe Sheeley?

Stated ever Kach's Daily in Auburndale to see Augie Arnold and Adam against entering some cows in the Farmer's Field Day, which will be sponsored by the Jefferson County Playground and Recreation Board in early fall, when he bumped "smack dab" into John Probst.

John drives one of the Fairdale buses and is one of those workers Auburndale and Fairdale schools ever had. John has had a big hand in the success of the Fairdale Fair each year. He's the daddy of Louie, who was in that same class with the Sheeley boys and Charlie Scott's few years ago.

Back to Fairdale with a smoke ring for B. O. Hirsch, Ed Farmer and Nelson Hornback. There are three personable chaps whose everybody likes. They are like these, along with Ernest Williams, Charlie Ely, Mr. Willett, Johnnie Barkin and Arthur Shackelford, who make Fairdale a great place to live.

Nelson Hornback is a great friend of county residents. His success of the Fairdale program can largely be traced to him and his energetic wife. By the way, Mrs. Hornback was P.T.A. president at Fairdale while Smoke was teaching there.

It's a deep puff and a hard drag carries this smoke ring away over the Fern Creek, "Ringer" hears that "Big Cat" and "Big Dog" coached the Hartford High School basketball team this year will be on the Fern Creek Graded School football team.

Congratulations to H. J. Priestley on a most impressive commencement. Dean Lewis, I've told you that the girls were beautiful in their white dresses and their good hand some in their white beach suits. "Dave" was also impressed with Supt. O. J. Stivers as a public speaker.

Dean is right. Orville Stivers is one of the most "fuent" speakers it has been "Smoke's" privilege to hear. Why, you've dropped around to the Toastmasters' Club some Monday night, Mr. O. J.

Here you'll hear some of Stanley Beckhart, Louis Ackerson, Bill Taylor and Ray Baer. Toastmasters' is one of the greatest clubs in America for fellows who like other fellows.

Anybody seen Horace Slaughter lately? This progressive member of the Jefferson County Board of Education is a great supporter of wholesome recreation for youngsters. Horace and his family used to enjoy Valley Pool a lot last summer. See you for the pool opening on the 30th, Horace.

Penile has something few communities can boast - a fine, amphibian. Seated here Penile citizens watched the big track meet conducted by Mrs. Frances Walker and Hal Lam for the Jefferson County Playground and Recreation Board.

Here's an invitation to all Jefferson Counties. Why don't you drop into the Fiscal Court Building some morning to meet some fine fellows?

Smoke would like you to meet A. A. Sullivan, sheriff's office, who would do anything to make a boy or girl happy. That's why he likes the county recreation program. "Sully" says, "Let's have more 'Smoke Rings' - if you want 'em you'll get 'em."

Then there's Willie "Red" Bards and J. Milburn Tong in the Road Department who have been in the car department in the past with Ray Baer and "Ringer." Bill

## Valley Station News

By Mrs. F. B. Smith

The P.T.A. of Valley Graded School last held their meeting of the year last week with Mrs. Julia Fahey of Valley High School as guest speaker. Mrs. Fahey gave an interesting talk on "Child Guidance."

Mr. (J.B.) Bobby Rooney has been discharged from the Navy and is on his way back from Tokyo at this time.

Another of our former close neighbors, Mr. Alvin J. Kluth, 73, died Friday, May 17, at his residence, 505 Camp St., Louisville, at 6:30 p.m. Sympathy is extended to his wife, Mrs. Mary F. Diago Kluth, and the other relatives.

Miss Marie Kleber, who resides where Mr. Kluth did and was one of the writer's close neighbors, submitted an operation last Friday at St. Joseph's Infirmary.

It proved successful and she is reported at this writing (Tuesday) to be again well. Best wishes are extended for her recovery.

We extend congratulations to Miss Dorothy May Rooney, who is among the U. of L. graduates of this year. She is another of our Beechland Church girls.

Due to unexpected transportation caused by strikes, Mr. and Mrs. Karl Bennett went to Annapolis, Md., at the week end for the daughter, Mrs. J. Goodman, and husband, Cox Jack Goodman, who has been released from the service and is returning home.

## BEST ALL-ROUND GIRL AND BOY AT JEFFERSONTOWN HI

By Mrs. F. B. Smith

There should be a particular gratification in receiving the title of "Best All-round Girl" or "Best All-round Boy" in any senior class at any high school and Lorraine Roby and Bill Carrithers have a right to be proud of this distinction as seniors of Jeffersontown High School, Class of '46.

High View News

By Mrs. Joe Baer

The beautiful but plain wedding of Miss Dorothy Conn and Mr. Robert Poyner of Waterloo, Iowa, was solemnized by Reverend Schreiner at the High View Church of Christ at 8 o'clock Saturday night.

Miss Mildred Conn is bride-maid and Mr. Buddie Wright was best man. The church was filled to capacity.

The bridal party left immediately after the ceremony and went to Louisville where pictures were taken. A reception was held at the home of the parents for a few friends and relatives.

On Sunday after church a basket dinner was given at the school in honor of the bride and groom, also for Bro. and Sister William Cook, who were married three weeks ago, and Buddie Wright who left this Monday morning for the service.

The tables groaned with food from fried chicken to ice cream and cake. Everyone really enjoyed themselves. I wish for these two couples a long and happy married life together and a safe return for Buddie.

Mr. and Mrs. Poyner left this morning Monday for his home in Waterloo, where he owns a large farm. These two young folks (Dorothy and Buddie) will be greatly missed in our Sunday school and church work.

The principal of the High View School, Mrs. Mattie B. Lahr very proudly told the crowd at the school Sunday that High View lunch room was one of the two throughout the county, which received the 2,000 points for a Number 1 lunch room. This also makes me feel good as I have been told that the manager for the past school year.

Mrs. Sadie Downing is not so well at this time. Hope she will soon be on her feet.

John Irvin Hudson left Saturday to spend three weeks with his family in Minneapolis, Minn. After his return he along with Clarence Woodrow will spend week at Lexington as champions of the whitewash project in the 4-H work.

The P.T.A. has planned a fish fry for June 8th. Watch this paper for further announcements.

Mr. and Mrs. David Smith are moving this week to Louisville. Their place has been sold. I understand the new owner's name is Chapman.

John Lahr was made very happy last Wednesday night to see seven of her former High View students graduate from Fern Creek High. Two of those who received the highest honors, Dorothy Scharfberger as Valedictorian and Ada Belle Woodrow as Salutatorian. The other five were as follows: Mildred Conn, Lois Shaw, Kathleen Barnes, Buddie Wright and Harry Brotzge.

There were seven to graduate from High View out of the eighth grade and will start in Fern Creek next year. Alice Catherine Ellingsworth and Clarence Woodrow tied on the highest average.

While Carolyn Baete and Betty Lou Smith tied on the highest average in seventh grade.

The closing exercises at the school were held Friday morning. Several children received gifts for their good merits. The P.T.A. served the children with home made cake and ice cream. Several mothers were present. Every mother of the school is being asked to fill two or more jars of food for the lunch room next year.

SMYRNA NEWS

Mr. and Mrs. Dallas Farmer, Mrs. Charles Pigram, Mrs. E. N. Rush and Mrs. Warren McCaulley attended the School of Nursing commencement at Nazareth College last Tuesday afternoon. Miss Betty Farmer was one of the graduates.

Hope everyone who has someone buried at Penn Run will come to the meeting Sunday afternoon, May 26, at 2:30. A good speaker is promised and it's a good way to meet old friends and show these fine trustees that we do appreciate what they are doing for the cemetery.

Mr. and Mrs. D. E. Aubrey, having sold their farm to A. M. Lusk, have moved to Fern Creek. Woodrow will spend week at Lexington as champions of the whitewash project in the 4-H work.

Mr. A. J. Barnes is improving slowly at St. Mary and Elizabeth Hospital from his recent accident.

## Ky. Women's Clubs Meet At Lexington

By Mrs. Mary O. Fisher

"Tomorrow—A Better World," is the emphasized theme of the Fifty-first Annual Convention of the Kentucky Federation of Women's Clubs in Lexington, May 21, 22, 23.

"To evaluate our work of the past and plan a unified program for the future is the important work of this convention," states Mrs. Robert E. Johnson, Lexington president, in her official call. Mrs. M. M. White, president of the University Women's Club is the general chairman of arrangements for the convention.

Over 500 delegates from 222 clubs representing 15,000 members in Kentucky are expected to attend the convention. Seven new clubs and over 1,200 members have been added this year.

Highlighting the galaxy of distinguished convention speakers

Cloud County of Kentucky visited his sister, Mrs. Dorsey Hall, during the week end.

Mrs. Fannie Mothershead, Mr. and Mrs. Elva Scroggins, Charles Ray and Franklin Mothershead of Louisville visited her parents, Mr. and Mrs. John Peacock Sunday.

Mrs. George Padgett was an all-day guest Monday of Mrs. Albert Fisher.

Mrs. Vernon Mothershead and daughter, Sherry Lane, spent the week end in Louisville. Mr. Mothershead joined them on Sunday and brought them home.

Miss Gladys Alcorn entertained the following friends with a party Friday afternoon: Mesdames Orene Cawell, Hervey Tyler, Floyd Stallings, Herman Gentry, Robert Fisher, Howard Owen, Hughes Clark, Matt Bleemore, Rosa Simmons, Hazel Magruder, Ellis Stallings, Misses Minnie Mae Whiteside, Carol Stallings, Joan and Charlotte Magruder. Ice cream, orangeade and cookies were the refreshment.

A mid dog made its appearance in the Pleasant Grove section last week. Several dogs were bitten and have been killed.

Mr. and Mrs. Walter True of Lexington, Mr. and Mrs. Simpson of Bardonia, Mr. and Mrs. Pitts of Louisville and Mrs. J. H. Buechel were Sunday guests of their parents, Mr. and Mrs. L. L. Luby.

Beginning at Home" has been the administration theme of Mrs. Johnson, president of the Kentucky Federation of Women's Clubs. She concluded her two-year term of office Thursday, May 23, when the new president was installed at the convention.

The featured activity of Mrs. Johnson's administration has been the long youth conservation program, culminating in the appointment of a youth conservation chairman in each of the 222 clubs in the state. Prior to the convention, questionnaires were sent to each club president requesting surveys on local situations.

Early in the administration at the instance of Mrs. Johnson, as president of the Kentucky Federation, Governor Simons S. Wilshire called a state-wide meeting to discuss recreation plans. As a result of this meeting legislation was passed to create a youth conservation director of recreation, was passed by the State Legislature.

On request of County Judge Barker, individual policeman's bonds were raised from \$500 to \$1,000.

The matter of the county hiring a controller was again discussed in detail, and it was believed \$5,000 a year for a capable and qualified man would not be exorbitant. Through the medium of this column it is suggested that the readers inform the Fiscal Court of the names of any prospective who could do the job desired.

It was reported that County Buyer C. A. Taylor is still on sick leave and will not return for another month.

A large number of folk paid homage to their departed loved one in a memorial service at Bethel Cemetery Sunday afternoon. The Mt. Washington Band furnished music, a quartet sang, Pleasant Grove Baptist Church, composed of Misses Ella Proctor and Louis Armstrong, Messrs. Ted Gentry and Alard Armstrong, with Mrs. Waldo Gentry at the piano, sang a beautiful number. Rev. K. R. Dillon, pastor of Bethel Church brought the message.

Mr. and Mrs. Welby Reixot of Lebanon Junction were overnight guests Saturday of his sister, Mrs. George Padgett, and Mr. Padgett.

Cloud County of Kentucky visited his sister, Mrs. Dorsey Hall, during the week end.

Mrs. Fannie Mothershead, Mr. and Mrs. Elva Scroggins, Charles Ray and Franklin Mothershead of Louisville visited her parents, Mr. and Mrs. John Peacock Sunday.

plete from tried chicken to big dishes of pink ice cream and birthday cake. Mrs. Hall received many nice gifts.

Those present were Messrs. and Mesdames Leo Ziegler, Lewis Martin, August C. Schleuter, Marvin Long, Mrs. Hazel Hall and Miss Vivian Ann Martin.

Mrs. Joseph H. Kirchner and daughter, Marilyn Sue, of Anchorage, were visitors in the home of Mr. and Mrs. W. A. Martin for several days last week.

Mr. and Mrs. Lewis Martin and daughter, Vivian Ann, called on Mr. and Mrs. Joseph H. Kirchner and family of Anchorage, Sunday afternoon.

Mr. and Mrs. August C. Schleuter stopped by the old Fairmount Church Sunday afternoon. The old church is soon to leave this community and somehow it seems like an old friend is leaving. As we walked through the church which was dark, the shutters being closed against the light, it seemed that in the silence could be heard the songs of congregations long ago and ones stony sermons that were delivered from the pulpit.

The last time we were there was to attend the funeral of old Darnell or "Dad" as he was known. He spent his years with church, and was a member of "Dad" could be your friend and had on many occasions given out some very sound advice. When "Dad" left us we lost probably one of the best friends, white or colored, we have ever had.

The graveyard is in need of a lot of care and it will be well to have a way provided for the place to be taken care of at all times. Lots of the graves are sunken and almost lost in the weeds. You get the feeling of being buried and lonely as you go through the graveyard and we will be happy to see it taken care of. As for the church, that, too, will be nice again when, even though it will be gone from Fairmount, it will have the joy of being remembered through its rafters and steps of many people walking along the carpeted aisles.

## THE POLITICIAN AS HERO

Long ago in this column I

named and discussed some ten

of our more outstanding folk

heroes, such as the pioneer, the

Indian, the Negro, the Cowboy,

the Southern colonel, the poor

boy who became famous. At that

time I mentioned how hard it

is to tell fact from fiction in the

careers of such story-book heroes

as Leatherstocking and such

actual men as Davy Crockett.

Probably in no sphere do you

find this kinship of fact and fic-  
tion any greater than in the ca-  
reers of politicians, in Kentucky  
and elsewhere.

For all time, probably, Henry

Clay will remain our greatest

politician hero of Kentucky, just

as it was worth. He was tall and

handsome, he was rhetorical

and dramatic, he knew how to

appeal to the average voter. His

remaining speeches seem very

dry and dull; we are told on good

authority that none of his ad-  
dresses were ever written downand that they flowed spontane-  
ously and brilliantly without any seem-  
ing preparation. Daniel Webster,  
on the contrary, worked over his  
speeches in manuscript form andcorrected what is still highly read-  
able. It would be a great studyof oratory if there could have  
been a good reporter in those  
days that could have taken down

in shorthand just what Clay said

and that so roused his followers.

Probably it would have taken  
all the arts of the modern Holly-  
wood producer to catch the tricks

of the politician as hero.

FARM FACTS  
WORTH  
KNOWINGQ. Is it true that cows often bleed  
an alfalfa or clover because of a po-  
ison contained in these legumes?A. "No" is the answer indicated by  
a study made at the Iowa Station. Bleed-  
ing apparently is entirely a physical  
phenomenon, and occurs when cattle eat too  
much alfalfa or clover in too short a time.Q. Can leg live over be completely  
eliminated?A. Work at the Idaho Experiment  
Station points that leg live can be  
controlled by spraying legs twice at  
14-day intervals with either a rotenone  
or DDT preparation. DDT prepara-  
tions were found to be the more practical  
because of their residual effect.  
Two treatments are necessary with  
either DDT or rotenone because neither of  
these insecticides will destroy eggs.  
After the second treatment, pigs will  
grow to maturity free of lice.Q. How much money does a farmer  
make when he cuts a dock plant before  
it matures and produces seed?A. Every time a farmer cuts a dock  
plant which has not produced seeds,  
he may credit himself with two or three  
dollars. In Illinois, one healthy dock  
per acre will produce enough seed to  
make a bushel of red clover seed un-  
available.Q. How much food does it take to  
produce a pound of poultry meat?A. The University of Illinois gives  
the following figures: Duck, 3.3 lbs.;  
goose, 3 lbs.; Rock broiler, 3.5 lbs.;

LEFT-WINGERS  
WANT WHAT?What do you left-wingers  
really want? I asked recently  
of an avowed left-winger. A loud  
dissection on "spiritual ideals"  
followed my question.Out of this evangelistic and  
fervent oratory I gathered that  
the profit motive is "evil," free  
enterprise "wicked," and any-  
body who questions the CIO  
however mildly, is a fascist. I  
gained the further impression  
that a proper definition of a  
Christian is "a man who organ-  
izes a strike."This left-winger has evolved  
a remarkable classification of  
people—all who believe as he  
does are good and all opposed  
are bad. All CIO-PAC people  
are "enlightened and Christian,"  
while all Republicans, non-New  
Deal Democrats and business-  
men are "enemies of freedom.""But what are you aiming for?"  
I persisted. Pinned down, it  
seemed to be the socialization of  
industry, because this "is best for  
the average man.""Who says so?" I asked.  
"The best insights of our time,"  
was the illuminating and crystal  
clear reply.I under took to point out the  
many advantages the American  
workman has—radio, auto-  
mobile, electric refrigerator, au-  
tomatic schools, freedom of recrea-  
tion, high wages, short working hours  
and innumerable gadgets to work  
for him. I contrasted this with  
Russia, for example. This proved  
to him, he said, that all Republi-  
cans have isolationist view-  
points, and want to start a war  
with Russia. Then irrelevantly  
he asked, "Why do Republicans  
take such an attitude toward the  
UN?" I countered by asking  
him what attitude and when he  
mentioned the UNO.He replied that he did not  
know, but it went to prove that  
all Republicans are "fascist" at  
heart. How it proved this he  
didn't seem to know, but how  
could I be a preacher and have  
a reactionary viewpoint?But while waiting for the next  
legislature to set aside the funds  
for an investigation, rural and  
urban school authorities can do  
some investigating on their own  
account and make steps to im-  
prove their schools.As your correspondent has said  
before, most of the work for a  
better Kentucky must be done  
locally. Every county, town or  
city, is a cross-section of the  
state, even though localities may  
vary considerably. Frankfort  
has certainly made progress in  
the school systems of local com-  
munities. Local reforms must  
begin at home.A prominent Kentuckian asked  
me the other day if city-county  
committees sponsored by the  
Committee for Kentucky could  
do their work without any cru-  
sading. I told him no—that the  
job was not for timid souls.Chief Owensboro, one of the best  
cities in the state, as an example  
of what agitation meant.A year or so ago I asked Hugh  
Potter, newspaperman and man-  
ager of WOMI radio station, how  
he got so ready on questions  
affecting the city's welfare."Agree? Hell, no! Every time  
a group springs a new issue an-  
other bunch of leaders takes sides  
against them and there is a ver-  
itable drought. Usually the  
right side wins."One very important kind of  
home-made good government is  
tax reform. County and city  
boards of equalization can  
achieve it without special legis-  
lation. Through political influ-  
ence of real estate in many  
communities has been in a rut  
for generations. Through polit-  
ical influence many big property  
owners have kept their assess-  
ments far too low. Some really  
may be taxed too heavily.  
A general overhauling by expert  
assessors backed by courageous  
boards of equalization would  
produce fairer taxation and an  
increase in revenue.Every reader of this column  
has seen property rise in value  
with shifts in population, changes  
in traffic. For instance, business  
or residential property may  
double in value in a few years,  
due to commercial or industrial  
changes or to increased auto  
mobile traffic. Or values may  
slump for similar reasons. In  
many localities tax appraisals

Mr. and Mrs. Harvey Tyler and  
Linda, Mr. and Mrs. Crayville  
Fisher and baby and Miss Pearl

The report this morning was not  
much change in his condition.  
He had a short nap, however, and  
was said to be resting better.
